Memorandum

To: Animal Shelters in Receipt of State/Local Funds

From: Brad Porterfield, NC Spay/Neuter Coordinator

Subject: Requirement to Report Shelter Data; Notification of Funding; Maximum Amount Allowed for Procedure Type (estimates)

Enclosed, please find the yearly shelter data report form for the 2017 Calendar Year. The form must be returned to the Animal Welfare Section Office by March 1, 2018. Cities or counties that fail to submit shelter data via this form are not eligible to request reimbursement from the Spay/Neuter Program (per N.C. Gen. Stat. § 19A-64) during the calendar year the data was to be filed, (submission of a 2017 Annual Animal Shelter Report is required in order to request reimbursements for 2018). A generic shelter report form is also available on the Spay/Neuter website, www.ncspayneuter.com.

The five most common species are listed on the report. If this species data does not apply to your shelter, please feel free to leave the line blank. You may return the form to us via fax, email, or U.S. mail; contact information for all the above methods are listed below.

If you have any questions please feel free to contact Brad Porterfield, Administrative Officer:

This figure is determined by calculating 150% of the average cost of each procedure type for the entire calendar year of 2017. Since calendar year 2017 has not yet concluded, the figures indicated below are the current estimates as of December 30, 2017, and are subject to change after the submission and processing of the fourth quarter-2017 reimbursement requests.
